

SAMPLE INTERVIEW QUESTIONS

Please consult the following questions as you peruse each digital portfolio and prepare for your Portfolio Panel Interview appointments ~~in June~~.

While you are encouraged to formulate your own questions for use during the Portfolio Interview, *please ensure that each student addresses at least four (4) of the following questions* before the end of the appointment.

1. In what ways did the assignments included in this portfolio prepare you for the following worlds?
 - a. High School Study
 - b. University Study
 - c. Work Force Employment
 - d. American & Global Citizenship
2. What was the most difficult challenge associated with this course? To what extent did you overcome this challenge? What was the most rewarding aspect associated with this course? What made it so?
3. Comment on the following questions associated with the digital portfolio process:
 - a. Did your awareness that members of the community would eventually examine your work change the way you approached each assignment? If so, how?
 - b. Were the assignments associated with the digital portfolio process easier or more difficult than assignments in a traditional classroom? If so, how?
 - c. Two and a half years from now, when you find yourself tackling the workload associated with university study, will this portfolio represent an important resource? If so, how?
 - d. Do you think that you will ever look through this digital portfolio again? If so, what situations might inspire you to do so?
4. Did this course teach you to critically assess media, research and other peoples' opinions or ideas? If so, cite specific examples that document your response.
5. Did this course teach you to work and think independently? If so, identify which factors contributed to this development. Relate your answers to specific lessons or moments throughout the year.
6. What was your favorite assignment in the digital portfolio? What made this the case?
7. Briefly define a traditional high school classroom. In what ways did this course fit the traditional profile? In what ways was it different?
